**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I had been using ATT as my wi-fi provider for more than 10 years. It was ok in the beginning, and then it started to slow down, regardless of whatever they promised. Finally I had to switch to Sonic, and was very satisfied. They are everything they promised to be, and including a phone service that was much better than ATT. It would be a huge disservice to us, the consumers, to favor big ATT and punishing smaller businesses. We need the competition to keep them honest. Sonic is better and less expensive. Broadband is crucial to us to conduct business, communicate to the rest of the world, and our friends and family. I am very unhappy with ATT and would not go back to them. Please do not take the competition away. Thanks.
